The Tigers took the first quarter get warmed up to their job, but when by uncovering a real overhead attack ball count against Central was 40 to 0.

The Tiger machine made good yardage through the line during the entire game but, when they found that they couldn't make yardage fast enough that way to offset their numerous penalties from holding and illegal use of the hands, they resorted to forward passes and wide end runs and surprised even themselves by their success. Ten forward passes were attempted and four of them were completed for a total of 120 yards.

End runs also proved successful ground gainers. Pittam made the longest of the day, traveling eighty yards for a touchdown while Rutledge was doing the heavy work in knocking men right and left. Collins, Groves, McMillan, Haines and Rider also did their share in advancing the ball around the Central wings. Rider was the bright spot in the Tiger backfield, both his interference and his defensive work being strong. Stankowski also did his usual brilliant offensive and defensive work.

Collegians Unafraid
of Big League Company.

The Central players showed much scrap and ability for a team of young players and made the Tigers fight for every yard of territory. R. M. Drace put up some especially good defense at end and Edmonston, Kistler, Gray, Asbell, Humphrey and Captain Cochran were others who deserve favorable mention for stopping Missouri plays. Asbell did some good booting for the Fayette team. The light line could not stand up against the fierce Tiger attack and withered away before their heavier and more experienced opponents. They had little chance to try out their offensive plays as the Missouri attack kept them in dangerous territory during most of the contest.

Tigers Didn't Start
Attack in First Quarter.

Asbell kicked off to Wilder promptly at 3:30. Rider and McMillan made first down, but the ground was lost by a 15-yard penalty. Edmonston intercepted a forward pass and Asbell punted. Missouri fumbled and was again penalized for holding. Haines punted 30 yards. Central missed a dropkick and Stankowski ran the ball back 8 yards. Haines made 40 yards in three split-formation plays. McMillan, Van Dyne and Muir made 15 more through the line and Van Dyne, who was in the game every minute, recovered a fumble. Haines and McMillan made sixteen more but McMillan fumbled and the ball went to Central on their own 15-yard line. McMillan returned Asbell's punt 20 yards. A forward pass failed and Haines missed a dropkick. Van Dyne threw Drace back for a loss when he attempted to run back the kick. First quarter; Missouri 0, Central 0.

Fighting Pole Scores
First 1916 Touchdown.

Asbell punted outside and Haines and McMillan carried the ball to the 1-yard line, where Stankowski went over for Missouri's first touchdown. Muir missed the goal. Wilder again received the kickoff. Haines, aided by splendid interference, made 10 yards around the end. McMillan gained and a forward pass to Stankowski netted 20 yards. Haines forced but an incomplete forward pass and a penalty stopped the Tigers. R. M. Drace intercepted a forward pass and Central punted. Rider made a pretty 25-yard run from punt formation and Haines went for 30 more on a double pass. Rider took the ball across for the second touchdown. Muir missed the goal. Haines made several other good gains before the half ended. Score; Missouri 12, Central 0.

Tigers Going Great
in Third Session.

Several substitutes went in for the Tigers. Groves kicked off. Groves made a 35-yard run around the end on the first play. A penalty and some line plays made no gain. Stankowski ran back from his quarterback position and passed 15 yards to Bass, who ran 15 yards before he was downed. Groves went over for a touchdown and McAnaw kicked the only goal of the game. A long pass, Collins to Giltner, resulted in another touchdown when Giltner shook off the Central safety. McAnaw missed a goal. Rider made nine yards on the first scrimmage after the kickoff and a forward pass, Collins to Stankowski made 20 more. Collins skirted the end for 25 yards and then went over the line for the fifth touchdown. The Tigers made three touchdowns in seven minutes and were going great. Third quarter, Missouri 31, Central 0.

Pittam and Rutledge Feature
in 80-yard Run For Touchdown.

Rider, Groves and Collins carried the ball to the 10-yard line, but the ball went over to Central, who soon punted to McMillan, who ran the ball

back to the 20-yard line, where he was downed by R. M. Drace. Peeples, who was sent in for Rider, drop-kicked a goal from the field. On the first play Pittam made 10 yards around the end and followed this with a 80-yard run for a touchdown through a broken field. Rutledge knocked men right and left for the fast Tiger back. McMillan missed the goal. Morris went in for Pittam and made a few good gains around the ends. After some incomplete forward passes the game ended with the ball in Missouri's possession on the Central 25-yard line.

Says Bennie Owen
Has a Strong Team.

Walter Stemmons, a 1912 graduate of the School of Journalism, now editor of the publications of the Oklahoma Agricultural and Mechanical College at Stillwater, admonishes the Missourian as follows:

"In a recent article you make the deduction from the Oklahoma-Central Normal game that Bennie Owen has a weak team. You have certainly drifted into error. Central State is immensely stronger than last year, and 27-0 is a large enough score to satisfy anyone. Persons who saw the game tell me that the Sooners used it merely as a practice game to try out new material. Last week the Sooners beat the Catholic University at Shawnee by something like 108-0.

"What I am trying to impress on your mind is the fact that it will take everything that Missouri has to win the game at Norman, and it is entirely too early to get cocky about this contest. Missouri's record in the Oklahoma games of the last few years has certainly been humiliating enough to teach Tiger followers that Bennie Owen usually shows up with a team. You may be sure that this year is not an exception.

"Personally, I would rather see the Tigers win the Oklahoma game than the Kansas game. If you had to read press dispatches from Norman that refer to the Missouri game much in the light of a practice contest you might join me in wondering why a school with 4,000 students should not have better success at football when matched against a school of less than 1,500 students.

"I would like to see the Tigers go to Norman this year with more determination and less self-confidence than has been displayed in some previous years."

Westminster Blue Jays
Beat Springfield 22-6.

In the first game of the season, the Westminster College Blue Jays defeated the Springfield Normals 22 to 6 Friday. The Springfield team had the best of it in the first quarter but the spectacular work of the Blue Jays in the other three clinched the game for Westminster. C. L. Brewer of the University of Missouri was umpire and Jack Griver of Kansas City was referee.

Prize Winning Cattle Received.

A. J. Estes of Columbia unloaded a choice lot of prize winning Aberdeen-Angus cattle which he purchased yesterday at auction at the American Royal Live Stock Show at Kansas City. He expects to have them ready for 1917 market.

HERE FROM SOUTH AFRICA

W. A. Morkel and N. J. Worthington Visit College of Agriculture.
William A. K. Morkel of Bellville, Cape Providence, and N. J. Worthington of Givelle, Rhodesia, both South African provinces, were visitors at the College of Agriculture Saturday on a tour of inspection of animal husbandry departments in the leading schools of the United States. The men are influential cattlemen who are seeking the latest ideas on cattle raising to be put to the practical test on their far-away ranches.

According to both men, South Africa has had a great increase in meat output since the beginning of the war. Ten million dollars worth of beef was shipped from South Africa to England last year, according to Mr. Morkel. Although the export business for this country is only two years old, it is estimated there are more than 19,000,000 cattle in the Union of South Africa.

COLUMBIA TEACHERS ENTERTAIN

New Workers in Local Schools Are Guests of Those Here Before.

The new teachers of the Columbia High School and the ward schools were entertained Friday night in the high school gymnasium by the teachers who have been here before this year. The evening's program was a track meet with shot-put, one-yard dash, standing broad jump, unede race, high jump, foot race, walking relay and discus throw. Teachers from the Jefferson School were awarded the tin loving cup. Sixty teachers and the members of the school board attended.

MAY DISCONTINUE RECRUITING

National Guard Officers Discouraged—Mexicans Find New Plot.

WASHINGTON, Oct. 7.—Dissatisfied with recruiting of national guardsmen, Secretary of War Baker today authorized commanding generals of the army departments at their discretion to discontinue recruiting. The decision was based on a recommendation by the general staff.

Secret agents of the Mexican de facto government working at El Paso and at Juarez have discovered a plot hatched in the Carranzista garrison at Juarez to "buy off" the soldiers and surrender the town to revolutionists or Villistas. Many arrests have been made.

Dean Walter Miller
of the Graduate
School says:

The Young Men's Christian Association stands for and fosters the highest ideals of manhood; it strengthens and develops Christian character; as the most democratic organization of the community it affords a young man the finest opportunity for self-expression along the lines of social and religious service and under trained leadership, helps to increase his efficiency for such service.

Y.M.C.A. membership includes men of all schools and classes. Its membership cards entitle the holder to the privileges of any city Y. M. C. A. Bob Simpson is carrying one with him to Europe. Service is the watchword of the Young Men's Christian Association. Actual results, not merely fatherly advice, is the aim of the organization. Your membership is not a charitable donation, but a sound and profitable investment. Watch this space tomorrow night for reasons why the "Y" is the University's most representative organization.

Lue Lozier, Student President,
says

Leaving out of consideration entirely the religious activities of the Y. M. C. A., the "Y" is a student organization which has done much for Missouri, by its hearty support of all student movements and activities to better the interests of the University. Few students know its real value to Missouri.
